## Positive Mindset

**Necessary Enabler to Achieve SDGs**

# Sustainable Development Goals

- ❖ UN adopted 17 Sustainable Development Goals (SDG) aimed at improving the planet & quality of human life by 2030.

- ❖ The 17 SDGs covers 5 critical areas of importance...

(People, Planet, Prosperity, Peace & Partnership)

Can we achieve them without **Positive Mindset** ??

# Sustainable Development Goals

- ❖ SDGs are the world's To-Do list for more inclusive, prosperous and peaceful societies
- ❖ The Govts, Corporate & Organizations doing their part to achieve SDGs
- ❖ Confluence of crises-the COVID-19 pandemic, climate change & Ukraine war creating spin-off impacts
- ❖ Severity and scale of our world's challenges call for an urgent and collective response from all of us

# SDG (0) – Positive Mindset

- ❖ Govt, Corporate or Organizations can create action plan & strategy but its success depends on implementation
- ❖ Climate change is visible everywhere, but is everybody concerned about it ?
- ❖ May be not as people are not connected with the objective.
- ❖ Public Engagement required to achieve SDGs

# SDG (0) – Positive Mindset

- ❖ Eco-system for execution of large social transformation on ground
  - Dissemination of objective & its benefits
  - Alignment of vision and Positive thinking
  - Ownership & connectivity with Goals
  - Synchronized efforts towards the Goal
- ❖ Without Public Adoption of SDGs, these are mere targets for Govts & Organizations
- ❖ SDG-0 “Positive Mindset” can be the enabler to facilitate fast adoption of SDGs by public

## **Soch Badlo –Aadat Badlo**

It is a transformational therapy which will form our behavior in short term and manifest as national character in the long term. It consists of 7 habits that are required to be developed for stronger Self and sustainable environment.

The aim of Plus Approach Foundation is to disseminate awareness among masses on these subjects through workshops and seminars etc.
